OO Code Review Report

Brief Report of Processed OO Code:

Date	09-11-2021
Content Pack	Test_ACCH_Screen
Flow Count	1
System Properties	1
System Accounts	1
Error Count	8
Warning Count	9

Detailed Report of Error Found in Flow Steps:

** Blank column denotes value is **not assigned** to variable.*

Flow Step	Variable Type	Variable Name	Assign From (*)	Default Value	Remarks
Flow Inputs	Input Variable	comment			Varible is defined but not assigned
Do Nothing	Input Variable	moreThanFlag		False	Varible is defined but not assigned
String Comparator	Input Variable	matchType		Contains	Varible is defined but not assigned
String Comparator	Input Variable	matchTo		140	Varible is defined but not assigned
String Comparator	Input Variable	ignoreCase			Varible is defined but not assigned
Resolved : success	Input Variable	newComment		${firstPart}${newComment}${lastPart}	Varible is defined but not assigned
Resolved : success	Input Variable	moreThanFlag		True	Varible is defined but not assigned
Error : failure	Input Variable	moreThanFlag		False	Varible is defined but not assigned

Detailed Report of Warning Found in Flow Steps:

** Blank column denotes value is **not assigned** to variable.*

Flow Step	Variable Type	Variable Name	Assign From (*)	Default Value	Remarks

Do Nothing	Input Variable	comment	comment	\f//FM,ACHC,${simplifie dAccountNumber}\n|CA SE HISTORY COMMENTS CASH \n|\ t\t\t\t\t\t\t\t\t\t\tRTVF RECEIVED, CHECKED AND UNABLE TO PROCEED.\t\t\tLOAN NOT ELIGIBLE FOR IO WHEN LESS THEN 1 YR. OLD\t\t\tPRODUCT MISMATCH\t\t\tCANNO T SWITCH FIXED LOAN\t\t\tSLS FOR THIS ACTIVITY HAS BEEN WITHDRAWN\t\ ...	Hard-coded values present in use constant field
Do Nothing	Input Variable	moreThanFlag		False	Hard-coded values present in use constant field
String Comparator	Input Variable	matchType		Contains	Hard-coded values present in use constant field
String Comparator	Input Variable	toMatch	newComment		Input variable name and Assign from values are not identical
String Comparator	Input Variable	matchTo		140	Hard-coded values present in use constant field
Resolved : success	Input Variable	newComment		${firstPart}${newComm ent}${lastPart}	Hard-coded values present in use constant field
Resolved : success	Input Variable	moreThanFlag		True	Hard-coded values present in use constant field
Error : failure	Input Variable	moreThanFlag		False	Hard-coded values present in use constant field
Error : failure	Input Variable	newComment	comment		Input variable name and Assign from values are not identical

Analysis of System Property Used:

Property Name	OO Path	Where it is used
port	port	not used

Analysis of System Account Used:

Account Name	OO Path
XMUID	XMUID
